WE STRIVE TOWARDS* ***PERFECTION**

Introduction

Arimas Security Services has been established as a physical security guarding company in Somalia since 2018, Is a joint venture JATO SEGURANCA. The partnership brings Arimas advanced sub-surface investigation techniques together with JATO Seguranca leading Security Information Services. Our Security services is based on the provision of an unparalleled range of security services which include guarding services, electronic security and monitoring, armed response and security consulting services.

Our guard force is at cutting edge and delivers the highest professionalism and quality 24 hours, 7 days a week. To ensure that our force maintains this high standard with our stringent safety policy, we ensure our armed response personnel are competent as per the firearms control act regulations.

Our security services are one that believes in employee empowerment. We pride ourselves by ensuring that our staffs are skilled in areas of their interests and thus ensuring they in return provide customer service to all our clients with confidence. Arimas Security Services understands that in order to retain our customers and to maintain our reputation the services that we deliver must be satisfactory and of high quality.

Purpose

To provide quality, efficient and professional services in the areas of the provision of security systems and guard division. To be a leader in security industry by providing enhanced services relationship and profitability.

Core Values

To embrace a commitment to service delivery, honesty, integrity and respect for all. Operating under the aforementioned doctrine, we have managed to deliver quality services to our customer's at the most affordable price that has seen our guard force among the fastest growing security service providers in the country. Our unique proactive approach to security matters has enabled us to achieve our set goal of guaranteeing a satisfied clientele.

Customer focus: - we have close, open relationships with our customers that generate trust and transparency.

Expertise: - we develop and demonstrate our expertise through innovation targeted specifically for each client.

Performance: - we challenge ourselves to improve on our performance each year, the results and total customer satisfaction.

Integrity: - we are always trusted on doing the right thing

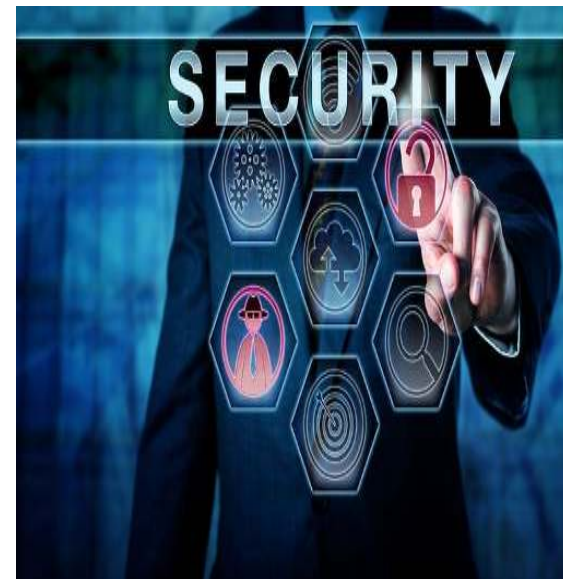

Communication: - Open proactive and effective communication is key to the way we do business and this is applied across all our operations.

Vision

To be an excellent, dedicated and extraordinary service provider that addresses the needs of customers. To provide quality services that exceeds the expectations of our esteemed customers.

Mission

To manage and run efficient and professional services that are recognized for efficient standards, customer care and customer satisfaction. To build long term relationships with our clients and customers and provide exceptional customer services by pursuing business through innovation and advance technology.

Our Services

Physical guarding services

Arimas Security Services provides security guarding services to commercial and residential sites. Our guards are extremely visible both day and night. They are also equipped with two way radios. Strict control measures are in place and site visits by operations managers and reaction officer's vehicles occur regularly during a shift, guards are in constant radio contact with our control room should incidents arise, our armed reaction officers in vehicles in the area can assist.

Arimas Security Services guards can anticipate a problem long before visitors, guests or shoppers suspect a thing. They can diffuse tensions using tact and diplomacy. They respond to difficult situations calmly and quickly.

Personal Protection

The company prides itself on its experience and specialist expertise in V.I.P protection and the personal safety of its clients. This protection covers discreet surveillance and armed bodyguard protection and is offered to high profile individuals, company CEO's and directors as well as top government officials.

Armed response services

Our reaction teams are highly trained to deliver rapid response. All members of the team are fully compliant with Firearms Control Act Regulations. We provide high visibility patrolling as an effective deterrent in crime prevention, we offer guard dogs with professionally trained dog handlers.

CCTV installation

A professionally installed closed circuit television (CCTV) system can not only act as a powerful deterrent but can also provide vital evidence when crimes are committed such as burglary, theft, vandalism and assaults, Increasing the rate of conviction through the provision of a crystal clear image of the event.

We will adapt your CCTV system to suit the risk profile of your business. Due to great advances in technology, we can provide the latest cameras and recording systems, which give high quality, clear images in color or black and white at affordable prices, adapting systems to suit your budget and specifications.

Alarm System Services

Arimas Security Services operates alarm response service for both commercial and residential properties. Our trained officers will respond to alarm activations day and night, 365 days a year, 24/7.

An alarm response service can be used as part of a wider security solution or as a stand-alone service to provide for good security services. When a monitored intruder alarm is activated a signal is sent to our control room.

Arimas Security Services operates on a 24hr basis, therefore we are always ready to respond. We also use satellite vehicle tracking on our fleet of vehicles, this means we can provide a faster response to alarm activations through dispatch of the closest resource while providing quality assurance in the service we provide. It also contributes to the health and safety of our people.

Emergency Response Services

Arimas Security Services provide several of our vehicle mounted Emergency response. They are crack units of elite security personal appropriately armed and highly trained in all forms of combat security situations they are on standby 24/7 to response to any alarm activation.

Our security services include:

- Physical Security
- Man Guarding
- Executive Protection
- Event Security Management
- Mobile Patrols
- Travel Security
- Security Systems installation and maintenance
- Security Risk Management Consultancy Services

Conclusion

Arimas Security Service has the capacity to enter into a security service provision contract with you and to ensure that such services are provided the highest standard of professionalism.
